

ENVIROMENTAL ALLERGY COLLECTION INSTRUCTIONS

Before you begin please read all instructions and verify kit contents. If any items are missing or damaged, contact Infinite Laboratories at (678) 971-5256.

Your kit should contain

- 1 cold pack
- 1 requisition form
- 1 biohazard bag with gauze pad
- 1 silver insulated envelope
- 1 prepaid shipping label
- 1 lab shipping pack (UPS)
- 2 SST Tubes
- 1 transfer pipette
- 1 White top 10mL transport tube

Sample Stability: 1 week at 4°C (refrigerate). These stabilities offer you the ability to draw on a Friday, and ship the samples on Monday. We ask that they are received by the laboratory within 6 days of collection. Do NOT freeze the samples.

1. Place a cold pack in freezer for at least 4 hours minimum before shipping.
2. Collect the blood in the **two** (2) SST tubes provided.
3. Allow the blood to sit for 30 minutes.
4. Centrifuge the blood for 15 minutes at 3000 RPM.
5. Transfer the serum from the SST tubes to the White top 10 mL transfer tube.
6. Using a permanent marker, write the patients first and last name, date of birth, and date of collection on each sample tube.
7. Store the sample in a 2-8 °C refrigerator until ready to ship. Do not freeze. Frozen samples will not be processed.

We accept Medicare and Commercial insurances that have Out of Network Benefits, provided that remaining deductible is \$ 3000 or less. We do not accept Medicaid, HMO's or insurance with no OON Benefits. Please contact us to verify patient eligibility at 678-971-5256.
